Spec Sheet

Lightweight Laptop Cooler with 2 Fans

StarTech ID: NBCOOLERLE

This lightweight laptop cooling pad features a portable design that allows for easy transportation and effective cooling of your notebook computer. Ideally suited for thin-and-light notebook designs, the cooler provides 34 CFM airflow with a quiet 19 dBa noise level, and is powered through USB connection to the laptop computer, saving the hassle of having to find a wall outlet or external power source.

Applications

- Protect your lap from the heat generated by a laptop
- Keep your laptop running cooler for increased reliability
- Create a stable platform for a notebook while working on an uneven surface

Features

- Optimized cooling for 14" notebooks
- Dual 80mm Ever Lubricate bearing cooling fans
- Power from the USB port; no external power adapter required
